Last day of school

March 17 - April 2

No School - Spring Break

Spring Weather and Outdoor Recess

It's that time of the year when the temperature range throughout the day can really vary. It is nice that the sun is out for longer periods of the day, which can make it deceiving when looking outside. Please remember to send your children to school with proper outdoor clothing (toque, mitts, scarves, ski pants and boots). When weather permits recess will be outside. Many classes are going out on the land this month and proper outdoor clothing is essential for the students to enjoy their cultural experience at camp.

Intramurals

Range Lake North School is pleased to offer an Intramural Sport/Activity time Monday thru Friday during our lunch recess time from 11:35-12:00 noon. This supervised, structured activity time is available to all interested students in grades 5-8 on the schedule listed below. Over the course of the school year, student participants can expect to experience a wide variety of activities such as volleyball, badminton, basketball, soccer, floor hockey, football, softball and numerous fitness based games.

Monday's- Grade 5's supervised by Ms. Townsend

Tuesday's- Grade 6's supervised by Mr. Daniels

Wednesday's- Grade 7's supervised by Mr. Daniels

Thursday's- Grade 8's supervised by Mr. Daniels

Friday's- Grade 8's supervised by Mr. Theriault

Childcare for March 3

On Fri. March 3, 2017, YK1 will be offering programming for students at Range Lake School in order to accommodate families who will need care for their children. The programs will be run by the YWCA's After School staff, YK1 Educational Assistants and the NWT Montessori Society.

The program will run during regular school hours and the After School program will be available for students who are already registered in the After School program.

This will be a fun-filled day full of activities for students. If you are planning on sending your child on March 3, please let your school know as soon as possible, so the school can plan

Tech Club

Everyday at lunch recess from 11:35 to 12:00 students in grade 7 and 8 can go to the Technology Lab. They have access to computers, tablets, and robots. They can work on homework, assignments, or just have fun playing games with their friends.

Students can also bring any other types of homework from all subject areas, and Mr. Mitchener will help students as best much as possible.

Events at RLNS

TECH TIME - CREATING COMICS

Students in grades 2 and up have been working on creating comics in technology class. The comics display images with the use of computers. Students use computer images and move and copy the images to create motion of the characters. Students write and create their own dialogue in their stories. The students can change background images and create different scenes and create a visual story.

Students have been able to save their animations to the school server. Ask your child to show you their animations, as they have done a great job on them.

Junior Kindergarten and Kindergarten Experience Days

This past Saturday on February 25th, parents and potential junior kindergarten and kindergarten students were invited to Range Lake North School to experience a day in our Junior Kindergarten and Kindergarten classrooms. Ms. Kravitz let students experience some of the activities that a Junior Kindergarten student would experience in a typical day at Range Lake North School. Mrs. Anderson and Mr. Callas then had the students go over to the kindergarten class and experience a day in kindergarten. Thank you to everyone who attended and to Ms Kravitz, Mrs. Anderson, and Mr. Callas for the fun morning at Range Lake North School.

Choir

At Range Lake North there are many opportunities for students to be involved in music in and out of class. Choir is one of these activities. We have a Junior choir for grades 2 and 3. This choir meets each Wednesday to share in the love of singing as well as prepare for the YK Music Festival in the spring and the Spring Concert. There is also a Senior Choir for grades 4 to 8 which meets each Monday to sing songs that are fun and challenging, and compete in the YK Music Festival.

PAC CORNER- Family Fun Night is May 5th

Family Fun Night will be happening this year on May 5th. This is our PAC's biggest fundraiser and all funds go back to our students. In the past the money raised has gone to purchase playground equipment and this year is no different. We hope to continue to improve our outdoor space for our school students.

This year a piece of our playground equipment is going to be removed. Please come on out on May 5th to support our Family Fun Night and/or you can help with our RLN PAC, which meets the third Tuesday of every month.
